“Sew Cranky - Antique Hand Crank Sewing Machines”

All Aboard Trains!

Mary Weyand - Author  
*Of Giants and Grizzlies*

You will be transported back in time as you stroll through the pioneer village and use an old fashioned hand crank sewing machine, see a blacksmith working in front of his shop, and hear the sounds of a live barbershop quartet.

In addition to these activities, visitors can take a train ride provided by All Aboard Trains, be part of an interactive book talk given by Mary Weyand about our National Parks, view videos that document our county's rich history in our theater from the Tulare County Treasures website, learn about the local Native American culture with the Tule River Language Project, and receive information of services provided in Tulare County.

FOOD AVAILABLE FOR
